NOTE 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Robert Blum Municipals, Inc. (the "Company") was incorporated in the State of California on April 17, 1995. The Company is a registered broker-dealer in securities under the Securities and Exchange Act of 1934. The Company is a member of the Financial Industry Regulatory Authority ("FINRA"), and the Securities Investor Protection Corporation ("SIPC"), and is registered with the Municipal Securities Rulemaking Board ("MSRB").

The Company is engaged in business as a securities broker-dealer. Substantially all of its business consists of trading municipal securities in a principal capacity.

Under its membership agreement with FINRA and pursuant to Rule 15c3-3(k)(2)(ii), the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Marketable securities owned by the Company are classified as trading securities and stated at their fair market value based on market prices. Trading revenue consists of both realized gains or losses from the sale of marketable securities and unrealized gains or losses on marketable securities.

Securities transactions are recorded on a trade date basis with related commission income and expenses also recorded on a trade date basis.

The Company establishes a deferred tax asset or liability to recognize the future tax effects of transactions that have not been recognized for tax purposes, including taxable and deductible temporary differences as well as net operating loss and tax credit carryforwards. Deferred tax expenses or benefits are recognized as a result of changes in the tax basis of an asset or liability when measured against its reported amount in the financial statements. Deferred tax assets and benefits are fully reserved due to the uncertainty of realization.

NOTE 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

Current income taxes are provided for estimated taxes payable or refundable based on tax returns. Deferred income taxes are recognized for the estimated future tax effects attributable to temporary differences in the basis of assets and liabilities for financial and tax reporting purposes. Measurement of current and deferred tax assets and liabilities is based on provisions of enacted federal and state tax laws.

NOTE 2: RECEIVABLE FROM CLEARING ORGANIZATION

Pursuant to the clearing agreement with Southwest Securities Inc. ("Clearing Broker"), the Company introduces all of its securities transactions to the clearing broker on a fully disclosed basis. Customers' money balances and security positions are carried on the books of the clearing broker. In accordance with the clearance agreement, the Company has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying securities transactions introduced by the Company. The Clearing Broker has custody of the Company's deposit balance of \$30,000, which serves as collateral for securities transactions pursuant to the clearance agreement.

The Company also maintains an interest-earning cash balance at the Clearing Broker that was \$642,551 at March 31, 2015. In addition, the Company has introduced trade date basis securities transactions to the Clearing Broker that result in trade date basis trading revenue receivable of \$2,601 at March 31, 2015. The Company classifies the combination of the interest-earning cash balance and the trade date basis receivable as "receivable from clearing organization".

NOTE 3: SECURITIES OWNED, AT FAIR MARKET VALUE

Securities owned, at market value consist of municipal securities. As discussed in Note 1, these securities are classified as trading securities and stated at their fair market value based on market prices. Municipal securities for which there is no market on a securities exchange or no independent publicly quoted market price are valued at fair value as determined by management. At March 31, 2015 these securities are carried at their fair market value of \$125,786, which is \$1,011 less than cost.

Robert Blum Municipals, Inc.
Notes to Financial Statements
March 31, 2015

NOTE 4: PAYBLE TO CLEARING ORGANIZATION

As discussed in Note 3 (Securities owned, at market value), the Company acquired its municipal bond positions using credit extended from the clearing organization. At March 31, 2015, the credit balance payable to the clearing organization was \$126,796. To the extent that this liability is collateralized by the municipal bond positions owned and in the custody of the clearing organization, it is not included in aggregate indebtedness for the purpose of SEC Rule 15c3-1(c)(1).

NOTE 5: INCOME TAXES

The current and deferred portions of the income tax expense (benefit) included in the Statement of Operations as determined in accordance with FASB ASC 740 are as follows:

	Current	Deferred	Total
Federal	\$ -	\$ -	\$ -
State	800.00	-	800
Total income taxes expense (benefit)	<u>\$ 800.00</u>	<u>\$ -</u>	<u>\$ 800</u>

The Company has available at March 31, 2015, unused Federal net operating loss, which may be applied against future taxable income or carried back to offset previous taxable income, resulting in a deferred tax asset of approximately \$2,284. The net operating loss begins to expire in the year 2033.

A 100% valuation allowance has been established against this benefit since management cannot determine if it is more likely than not that the asset will be realized.

The Company is required to file income tax returns in both federal and California tax jurisdictions. The Company's tax returns are subject to examination by taxing authorities in the jurisdictions in which it operates in accordance with the normal statutes of limitations in the applicable jurisdiction. For federal purposes, the statute of limitations is three years. Accordingly, the Company is no longer subject to examination of federal returns filed more than three years prior to the date of these financial statements. The statute of limitations for California purposes is generally four years. Returns that were filed within the applicable statute remain subject to examination. As of March 31, 2015, the IRS has not proposed any adjustment to the Company's tax position.

NOTE 6: RELATED-PARTY TRANSACTIONS

Interest paid on borrowings under subordinated liability agreements totaled \$22,500 for the year ended March 31, 2015, and was paid to the Company's sole shareholder. The Company leases all of its office equipment from the Company's sole shareholder. Lease payments for the equipment totaled \$4,312 for the year ended March 31, 2015.

It is possible that the terms of certain of the related party transactions are not the same as those that would result for transactions among wholly unrelated parties.

NOTE 7: FAIR VALUE MEASUREMENTS

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the assets or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 – Quoted prices in active markets for identical securities.

Level 2 – Observable inputs other than quoted prices included in level 1, such as quoted prices for similar securities in active markets; quoted prices for identical or similar securities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data (Including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 – Pricing inputs are unobservable that are significant to the fair value measurement and include situations where there is little if any market activity for the investment. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of March 31, 2015:

Robert Blum Municipals, Inc.
Notes to Financial Statements
March 31, 2015

NOTE 7: FAIR VALUE MEASUREMENTS

(Continued)

Assets	Level 1	Level 2	Level 3	Total
Securities owned, at fair market value	\$ -	\$ 125,786	\$ -	\$ 125,786
TOTALS	\$ -	\$ 125,786	\$ -	\$ 125,786

NOTE 8: SUBORDINATED LIABILITIES

The borrowings under subordination agreements at March 31, 2015, are listed in the following:

	Amount
Subordinated note, 9%, due August 31, 2018	\$ 100,000
Subordinated note, 9%, due June 30, 2019	150,000
	<u>\$ 250,000</u>

The subordinated borrowings are covered by agreements approved by FINRA, and are thus available in computing net capital under the uniform net capital rule of the Securities and Exchange Commission. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid.

NOTE 9: PROFIT SHARING PLAN

The Company's profit sharing plan (the "Plan") covers all eligible employees. The plan was effective on August 1, 1995, and provides for a Company contribution of up to 25% of eligible compensation. All contributions to the plan are at the discretion of the Company. The Company did not make any contribution to the Plan for the year ended March 31, 2015.

NOTE 10: CONTINGENCIES

The Company maintains bank accounts at financial institutions. These accounts are insured either by the Federal Deposit Insurance Commission ("FDIC"), up to \$250,000, or the Securities Investor Protection Corporation ("SIPC"), up to \$500,000. At times during the year, cash balances held in financial institutions were in excess of the FDIC and SIPC's insured limits. The Company has not experienced any losses in such accounts and management believes that it has placed its cash on deposit with financial institutions which are financially stable.

Robert Blum Municipals, Inc.
Notes to Financial Statements
March 31, 2015

NOTE 11: CONCENTRATION OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

NOTE 12: SUBSEQUENT EVENTS

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

NOTE 13: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on March 31, 2015, the Company had net capital of \$685,194 which was \$585,194 in excess of its required net capital of \$100,000; and the Company's ratio of aggregate indebtedness (\$6,471) to net capital was 0.01 to 1, which is less than the 15 to 1 maximum allowed.
